CHAIRPERSON SCHEDULE

Chairperson: F.-Javier Heredia
Session: F2B - Stochastic Programming II
Day: Friday 06
Hour: 12:00
Room: 004

Stochastic Optimal Day-Ahead Bid with Physical Future Contracts. C. Corchero, F. Heredia

Medium-Term Electricity Trading Strategies for a Producer. A. Conejo

Stochastic Programming Model for the Day-Ahead Bid and Bilateral Contracts Settlement Problem.. F. Heredia, C. Corchero, M. Rider

Dear Chair person:

IWOR committee welcomes you to Madrid and wishes you a beneficial and happy stay. We would like to make you some suggestions about the session organization:

- We thank you to go to the session room fifteen minutes in advance.
- Assign twenty five minutes for each presentation, including five minutes for questions and comments.
- Please, don't change presentation order. This will allow switching among rooms.
- In each conference room there are a PC running Windows XP, an overhead projector and a digital projector. Each PC has two USB ports and a CD/DVD reader. Available applications are Internet browser, Microsoft Office, and Adobe Acrobat Reader. Besides, you can plug the digital projector connector into your own PC and use it directly.
- In case of any incidence, do not hesitate to contact the organization at the information desk.

Thank you for your cooperation. Enjoy IWOR.

Antonio Alonso Ayuso
Co-Chair of the IWOR Organising Committee
